

## Elmatic 110V / 230V

### The Affordable Motorization For Vertical Blinds.

Type	Synchronous Motor	Synchronous Motor
Voltage	230 Volts / 50 Hz	110 Volts / 60 Hz
Rated current	62 mA	130 mA
Power Input	14 Watts	14 Watts
Power Output	6,7 Watts	6,7 Watts
Output speed	750 Rotations / Minute	900 Rotations / Minute
Warranty	24 Months	24 Months
Approvals	CE, VDE	UL, CE

The Elmatic Motor combines the well known quality of the Trietex synchronous motors with an affordable drive for turning vertical blinds.

Especially with an optional remote control you will receive a comfortable solution for operating vertical blinds. The Elmatic can also be used to „upgrade“ existing Star-Zug-vertical-blinds.
